

How to Exhibit at CleanTechAge Expo

We manage an unprecedented number of inquiries from Vendors from around the world who are interested in exhibiting at our Expo. CleanTech-Age Expo requires all exhibitors to be direct Product and Service providers. Booths must be reserved and occupied by manufacturers only and are not available to manufacturers' representatives, distributors, wholesalers, etc.

We do not work with third-party or trade show organizations.

The Expo is a curated event where all Exhibitors are carefully vetted to confirm their CleanTech and Smart Building claims. We review each interested Exhibitor's request, their company website, and product and service information before making a final decision.

Pre-Qualification Process:

In order to be considered, you will be required to submit the following items for the pre-qualification process:

- Company overview and website address
- Product and/or service information and photographs
- Requested booth size
- Email this information to sales@cleantechageexpo.com

Once the pre-qualification process is completed, a member of the CleanTechAge Expo sales team will contact you to notify you of your status and whether we are able to offer you the opportunity to exhibit at CleanTech-Age Expo 2017. We respond to all inquiries within 2-3 business days however we cannot make any guarantees if we will be able to extend an offer to your company. CleanTech-Age Expo show management reserves the right to relocate booths based on final booth designs and as necessary for the show.
